Sue,

Thank you for providing comments on the AOC before the March 15th deadline. As I indicated in our brief discussion this morning, Carlo and I will discuss your proposed revisions to the AOC next week and contact you with our response. We are close enough to a final agreement to allow us to continue to negotiate the terms of the AOC for a few additional days. After we have reached agreement on the terms, I will send you a final AOC for signature. Please inform me of the name and title of the person who will sign the AOC on behalf of the corporation and I will insert that information on the last page of the AOC. We appreciate your cooperation. Please contact me with questions.

Subject:

Deborah, Carlo:

I have attached the one page of the AOC changes we would like to make. I apologize for the last-minute nature of this change, but there was some confusion on my part. Although our consultant, Mike Chun, has already been discussing the work plan with Carlo, we would like to extend the time requirement from 30 days to 90 in paragraph 6.1. Then it would follow that the submittal would be 30 days after that, or 120 days from the effective date of this order. Mike has stated that implementation of the plan should be approximately one year after approval in order to have 4 quarters of data, hence the change from 30 days to one year in paragraph 6.3.

Other than the time changes, I really don't have a problem with the rest of the order. Please call me after you have had a chance to discuss this.

Thank you,

Sue Smith
